

WARRANTY

AEON Hardware is crafted with uncompromising standards of quality and craftsmanship. This warranty extends for a period of three (3) year from the date of purchase and exclusively covers defects in material and workmanship associated with AEON Hardware purchased and installed.

In accordance with this warranty, AEON commits to replacing or making necessary adjustments to the hardware, provided that the defect is found within the stipulated three-year timeframe. However, it is imperative to note that the warranty explicitly excludes any form of labor or associated costs, placing the onus solely on the replacement of the item itself.

Any unauthorized modification to the hardware will result in the warranty becoming null and void. AEON reserves the right to inspect all warranty claims through its staff before approving a replacement or any appropriate adjustments.

Any breach of the terms outlined herein absolves AEON of its warranty obligations, reinforcing the need for compliance to ensure the longevity and performance of AEON Hardware.
