Polyvinyl Butyral (PVB)	Clear Ultra Clear
SentryGlas (SG)	Clear
Sound Control (for better acoustical performance)	
More colors available upon request	

TECHNOLOGY EXCELLENCE

Technology excellence strengthens our manufacturing capacity and capability. Our glass fabrication process utilizes the latest CNC, waterjet, polishing, grinding, drilling and milling equipment allowing for precise cuts, notches, holes, miters, edges, polish, clarity, and smoothness for the perfect end product.

Our latest equipment accurately fabricates more complex jumbo sizes and heavy glass types for shower doors, panels, railings, sliding doors, hinges, holes, notches, custom cut-outs and shapes that efficiently support commercial and architectural specification.

Whether your project comprises of a single glass shower door or hundreds of insulated glass units, we have the technology to ensure the highest quality and fastest turnaround time to meet your demands and schedule.

Digital Printed Glass

TRUSTED BRANDS

Not all glass is created equal. Precision Glass Industries can meet your specific glass needs by custom fabricating products according to your specifications, without compromising quality.

We offer a diverse range of products, including annealed, tempered, heat-treated, monolithic insulated units, laminated units, and hurricane impact glass, all available in various styles and thicknesses. We are also expanding our offerings to include a wider selection of high-quality product brands.

ProSeal Insulated Glass is revolutionizing the industry with a 15-year product warranty. This insulation seal quality is highly durable, long-lasting, energy-efficient, and provides peace of mind.

Our advanced digital printing line allows for glass sizes as large as 110"x197", offering exceptional design flexibility for creative and functional applications.

Precision Flat Glass ensures quick delivery of premium-quality case sheets, helping to replenish your stock levels for monolithic clear, laminated, patterned, tinted, and mirrored glass to meet your customers' needs.

AEON Glass Hardware and PIRAS (Precision Install-Ready Architectural Systems) improve selection and convenience. AEON modernizes frameless shower door enclosures, while PIRAS streamlines installation, creating beautiful, turnkey heavy glass entrances.

We take great pride in delivering these trusted brands at the best value, on time, every time. We fabricate only the best materials to endure the test of time and enhance any modern aesthetic.

EXPERIENCE FOR EVERY SPACE

Precision Glass Industries has built a strong reputation through our experience and a clear understanding of what is essential for the success of your project. We take pride in the knowledge and expertise we have gained from working on a variety of challenging projects. Our team has contributed to the creation of exceptional glass solutions for these initiatives.

We prioritize your project above all else. Our goal is to simplify the ordering process and ensure clear communication from start to finish. Whether you are installing new glass shower doors, commercial glass windows, glass railings, wall partitions, or glass entrance systems, or if you simply need glass hardware, our experience will help make your job easier. You can count on us to deliver a high-quality product on time, allowing you to save both time and overall project costs.

RELIABILITY DELIVERED

As your comprehensive, custom glass fabrication partner, we know how important it is to always get your glass delivered on time. With our diverse fleet of vehicles, we will safely manage the logistics of your glass orders on schedule to your destination, increasing project efficiency and save on overall costs.

We value your business, time, and deadline. Our reliable service is all about excellent service, constant communication, and an on-time approach to save you time, every time.
